## Getting to Know Your Phone

MOTOROLA and the Stylized M Logo are registered in the US Patent & Trademark Office.  
© Motorola, Inc. 2006

Certain mobile phone features are dependent on the capabilities and settings of your service provider's network. Additionally, certain features may not be activated by your service provider, and/or the provider's network settings may limit the feature's functionality. Always contact your service provider about feature availability and functionality. All features, functionality, and other product specifications, as well as the information contained in this tutorial, are based on the latest available information and believed to be accurate at the time of publication. Motorola reserves the right to change or modify any information or specifications without notice or obligation.

**Note:** Your phone may not appear exactly as the phone image above, however, all key locations, sequences, and functions remain the same.

## Transfer Multimedia

- 1 Your phone can upload and download files when connected to a PC running Windows 98 and higher. Mac is not supported.

Open the flip and turn the phone on. From the home screen, attach one end of the Motorola Original Enhanced USB cable to your phone and the other end to a USB port on your computer.

- 2 On your phone, press **YES** to use the phone as a portable USB storage device.

**Note:** When connected as a storage device the phone cannot perform regular phone activities. Disconnect to resume normal operation.

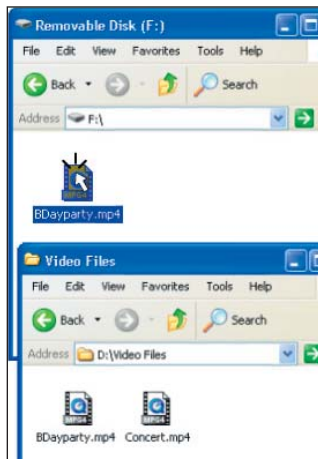

- 3 On the PC, open the My Computer window and find where your phone displays as a **Mass Storage** icon.

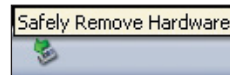

Double click the **Mass Storage Device** icon.

- 4 Drag and drop files between your computer and phone.

- 5 When you finish, remove the phone safely from your computer. Right click the **Safely Remove Hardware** icon at the bottom of your computer screen, then select **USB Mass Storage Device** and click **Stop**.

- 6 Select **USB Mass Storage Device** and click **OK**.

Now it is safe to disconnect the cable. When the cable is disconnected, the phone restarts.

## Add a Datebook Event

- 1 From the home screen, press **☰**.
